

DISASTER RISK STAKEHOLDER HUB!

WHAT IS THE STAKEHOLDER HUB?

PARATUS is developing a service for **multi-hazard systemic vulnerability and dynamic risk scenarios**. Part of this involves establishing a Stakeholder Hub that will help individuals and those representing organisations to create a dynamic network of those interested in contributing to this aspect of Societal Resilience.

The Hub uses the Online Community Platform - The Crisis Management Innovation Network Europe (CMINE) to help foster diversity and innovation of thinking through cross-sector, multi-stakeholder dialogues around capability gaps and potential solutions.

TARGET GROUP

Practitioners

Scientists

First and second responders

Decision and policymakers

Citizens' representatives

HUB ACTIVITIES

The Hub will provide two-way access to facilitate engagement between the ← Project → and its Stakeholders and Stakeholders and the → Project ←.

Feature updates on activities and initiatives

Promote events

Support a chat and discussion area

Offer a repository for key documents relating to the project and its wider aims

Provide the opportunity to interact with the much broader resilience and crisis management community

HOW TO ACCESS?

Login or register on CMINE

1

Provide informed consent

As it is part of the process, you'll be asked to provide informed consent for limited use of your data (within the project only).

2

ENGAGE!

Once confirmed, you'll be admitted to the Hub and encouraged to engage in a range of activities and to provide input and opinions on specific activities.

3

Funded by
the European Union

This project has received funding from European Union's Horizon 2021 Research and Innovation Programme under Grant Agreement N° 101073954.
